We have added two more items to our Misc (Miscellaneous) Section on the site. These include some very Neat [watch rolls](#) in nova suede red, green and blue and sell for **£40 each** – see below.

We've also added [internal mitre keys](#) in **packs of 24**. These are very useful for strengthening mitred boxes and are **£6 per pack (+p&p)** – see below.

Find out on page 2 how to add your comments.

“Thank you for the Neat Team hardware, I'm still quite new to box making, I've made a few but I haven't used a lock before. I followed your instructions carefully and... I couldn't be more pleased with the result..”
Ian B, England

“The Neat Trim is one of the best small tools I have purchased, well made and value for money.”
Martin F, England

“We have one of the Neat trims in my furniture School, it's very well made and great for trimming back on small veneer projects. It saves setting up the router and trying to then balance it on smaller projects. It's the same great quality of manufacture as Ian's hinges which are just superb!”
Peter S, England
